

WEBCAST PLATFORM

INTERNATIONAL CONFERENCE FOR B3-LESIONS

HYBRID MEETING
September 24, 2022
Villa Blanka-Innsbruck (A)

GUIDELINE WEB-PLATFORM

I. Info

The International Consensus Conference for B3_lesions will be held as a hybrid event for the first time this year. All virtual participants have the opportunity to follow all lectures from home via livestream.

Please take an active part in the event and answer the questions via the live voting function. The questions and answers will appear automatically during the livestream in your browser window.

We also look forward to your questions directly after the presentations via the chat function.

II. Browser

Please make sure that you have one of the following modern browsers installed on your computer or mobile device:

- **Google Chrome**
- **Safari (also on iOS)**
- **Firefox**
- **Edge Chromium**

Please do **NOT** use **Internet Explorer (IE) and outdated versions of Microsoft Edge.**

These browsers are no longer supported by Microsoft, no longer receive updates and therefore represent a security risk. In addition, the web interface cannot be displayed correctly, as they can no longer interpret modern programming languages.

III. Login

If you have registered for virtual participation in the International Consensus Conference 2022 via the following link: <https://register.medwhizz.com/a/seno-2022/KBpm1Ht3RSo0dewYsdpQ> you will automatically get a verification email with the login link to the webcast platform including your personal login data.

If you have not received any login data, please check your **SPAM** folder. Please also ensure that you enter your login data correctly (the password is case-sensitive and there are no spaces allowed before or after the password).

CAVE

Your personal login is exclusively intended for you and is used to determine your virtual presence during the live stream for CME-credit (ECMEC®s) purposes!

IV. Internet connection

All lectures are recorded in full HD quality and streamed live.

However, the quality in your browser always depends on the internet connection of your device. Therefore, please always check your internet connection in the event of any problems.

You can check your download capacity at any time at <https://www.speedtest.net>. For good picture and sound quality, the data rate for the download should be at least 15 Mbps.

V. Support

If you have not received any login data and have also checked your **SPAM** folder, please contact: support@medwhizz.com
